## ROSA PARKS PARKING LOT PROCEDURES

Parents, we know you all want to drop off and pick up your kids safely and be on your way as quickly as possible. We would like your help in working together to make our parking lot SAFER AND MORE EFFICIENT!

### Front Parking Lot (AM):

- **Please pull forward and drop students off at the ORANGE CONES.**  
We will soon have our Student Valet's out front to help!
- **Once you drop off students, move to the left lane to make room for the next row of cars.**

### Front Parking Lot (AM & PM):

- **Students MUST be dropped off and picked up along the curb of the parking lot, NOT on the street or in the middle of the parking lot. Students are not to use the crosswalk without an adult.**
- **No left turns out of the parking lots during posted times.**
- **Only park in designated VISITOR parking spaces.**
- **Please use the crosswalk, but wait for a supervisor to direct you across once traffic is stopped.**

Thank you so much for your cooperation in making Rosa Parks Elementary a safe learning environment!

Ms. Verduzco
